

# Arena International Talent Trophy 2025

## Conditions Team Final

The 10 teams with the highest FINA points qualify for the ITT final.

The swimmers who are part of the team must participate in at least one Girls' or Boys' relay and one of the Mixed relays.

The distribution of swimmers **must** be 50% girls and 50% boys.

A team **may include a maximum** of 50% swimmers born in 2007-2008, with an equal distribution between genders (e.g., a team of 12 swimmers may include a maximum of 6 swimmers born in 2007-2008, consisting of 3 boys and 3 girls).

### Example:

Team ITT registers 16 swimmers for the final. To meet the gender distribution requirement, they register 8 girls and 8 boys. Team ITT chooses to include 4 swimmers born in 2007-2008 among the 16, consisting of 2 girls (born in 2007-2008) and 2 boys (born in 2007-2008).
